I found you, I found God. Raj is excited to visit the Golden Temple for the first time. But it's not just the Guru Granth Sahib whom he meets in Amritsar, there's someone else waiting for him on the way Geet. A day spent together under the watchful eyes of Waheguru and Geet becomes a teacher for Raj. Neither of them realizes when the discussions on Sikhism end up teaching them secret lessons of love. It takes Raj a lot of time and courage to profess his love for Geet. But there's a wall standing in front of his 'I love you' a wall that was built way back in 1984. Desperate to break that wall, Raj returns to the Golden Temple again. Does the Golden Temple really hold any answers for him? Is Waheguru really watching over the two hearts that he had brought together?"

## **Corrupt Inept Rudderless Politicians**

People living on the Indian subcontinent have been a sharply divided lot for a very long time in spite of belonging to the same established respected older civilization. Our divisiveness resulted in inviting repeated assaults by uncivilized Arabs and savages from other parts of Asia. This led to foreign subjugation for a millennium first by Islamic invaders and looters; then by Europeans who came as traders but became rulers. The entry of aliens led to unabashed proselytizing into their newer religions. It may not be wrong to say that 99 percent of Muslims and Christians living on the subcontinent are converts from Hinduism (that has been more a way of life rather than a watertight religion for two millennia or more). This means today's inhabitants are from the same civilization and culturally speaking Hindustanis. However, a proliferation of alien religions did aggravate and compound divisiveness. The British ruled the country for two centuries or so, and did the maximum damage to our character, morale and psyche. After the First War of Independence the British promulgated pretty stiff laws especially the Police Act of 1861 to keep their slaves under tight leash. Worse still they introduced Macaulay system of education in English to wean us away from our cultural moorings, heritage, literature, moral values and our own Sanskrit language. Indian social religious and educational reformers Raja Ram Mohan Roy, Swami Sahjanand, Bankim Chandra Chatterjee, Swami Dayanand Saraswati, Swami Vivekananda and Rishi Aurobindo Ghosh as well as the likes of them brought back the pride of our civilization and culture. Their influence was apparent from the beginning of 19th century in the fields of politics, public administration, and education, as well as strengthening Hinduism. This first awakening from slumber or hibernation ignited the minds of revolutionaries who selflessly and untiringly worked hard on the soils of the subcontinent and the foreign lands culminating in throwing out deeply entrenched British lock, stock and barrel. Not so nationalistic but opportunistic Congress party led by their self-serving trio of stalwarts Gandhi, his adopted son Nehru and lieutenant Patel got the subcontinent partitioned and formed government in divided India. Congress party ruled but NOT served Hindustan for 90 percent of the time since independence by strictly following British Divide and Rule policy to perfection without changing/improving archaic British laws. Being communal, Congress aggravated the divisiveness thus bringing untold misery to the masses in the form of communal strife and Hindu-Muslim riots repeatedly. The prolonged misrule by those corrupt inept rudderless politicians including the decade under its economist dummy PM heading the most corrupt and arrogant government ever in the history of independent country brought in lawlessness, fragile environment, grossly inadequate infrastructure, increasing terrorism and Maoism/Naxalism, ever mounting inflation, sky-rocketing corruption, gargantuan scams, bankrupt economy, policy paralysis, stalling of reforms, and what not. The absolute number of the poor today is far more than total population of newly born country in 1947. This grave crisis-like situation warranted a second awakening in 21st century. Expectedly Hindustanis rose to the occasion once again, decimated the corrupt Congress and voted for a change by electing a visionary, strong, and honest PM from BJP with a thumping majority. This gentleman is a dynamic, focused, highly optimistic, staunchly nationalistic real leader unlike the pygmies of Congress. The task ahead is dauntingly stupendous. Modi started showing promise during his first 60 days. The damage done in 60 years may take ten years, if not more, to repair and actual proper turnaround thus placing this once great country on track to reclaim its lost genuine glory. Although independence was ushered in 67 years ago yet freedom is still awaited. That will require imminent electoral, intellectual, judicial, police, political and social reforms together with building moral character and bringing

meritocracy in every appointment by doing away with the Congress policy of favours, quotas and reservations for the undeserving. Very much like Narendra Modi, the first PM to be born after independence and heading the youngest India-educated ministry, all of us have to remain optimistic and vigilant. We must perform our duties diligently as law-abiding faithful but demanding citizens alive to the times!

From its founding in 1588, the Golden Temple has come to symbolise the epitome of Sikh architecture as well as the undying love of its devotees. The complex that developed around it was the Sikhs' very own 'Vatican City'. In its heyday in the early 1800s it was also highly regarded as a centre of learning and a beacon for those in search of spiritual and educational enlightenment. Around it developed a bustling multicultural town that became a prominent stop on the Silk Route and a major commercial hub of north western India. This unique volume highlights the temple's unparalleled beauty and changing fortunes during a golden era of peace, prosperity and patronage. Its vast collection of paintings, sketches, lithographs and photographs have been painstakingly sourced from archives around the world. They are complemented by intriguing quotes from 70 eyewitness accounts, ranging from the earliest discovered in 1808 - a report by a one-legged British spy - right up to that of an awestruck Hollywood heartthrob, Lew Ayres, in search of the exotic and esoteric in 1959.

## **That Which Is Good And Beautiful**

Sacred sites offer believers the possibility of communing with the divine and achieving deeper insight into their faith. Yet their spiritual and cultural importance can lead to competition as religious groups seek to exclude rivals from practicing potentially sacrilegious rituals in the hallowed space and wish to assert their own claims. Holy places thus create the potential for military, theological, or political clashes, not only between competing religious groups but also between religious groups and secular actors. In *War on Sacred Grounds*, Ron E. Hassner investigates the causes and properties of conflicts over sites that are both venerated and contested; he also proposes potential means for managing these disputes. Hassner illustrates a complex and poorly understood political dilemma with accounts of the failures to reach settlement at Temple Mount/Haram el-Sharif, leading to the clashes of 2000, and the competing claims of Hindus and Muslims at Ayodhya, which resulted in the destruction of the mosque there in 1992. He also addresses more successful compromises in Jerusalem in 1967 and Mecca in 1979. Sacred sites, he contends, are particularly prone to conflict because they provide valuable resources for both religious and political actors yet cannot be divided. The management of conflicts over sacred sites requires cooperation, Hassner suggests, between political leaders interested in promoting conflict resolution and religious leaders who can shape the meaning and value

that sacred places hold for believers. Because a reconfiguration of sacred space requires a confluence of political will, religious authority, and a window of opportunity, it is relatively rare. Drawing on the study of religion and the study of politics in equal measure, Hassner's account offers insight into the often-violent dynamics that come into play at the places where religion and politics collide.

What makes life worth living? Many people would argue that it is fulfilling experiences. These experiences are characterised by feelings of joy and pleasure, positive relationships and a sense of engagement, meaning and achievement. Tourism is arguably one of the largest self-initiated commercial interventions to promote well being and happiness on the global scale but yet there is absence in the literature on the topic of fulfilling tourist experiences from psychological perspectives. Drawing on insights and theories from the research field of positive psychology (the study of well being), this is the first edited book to evaluate tourist experiences from positive psychology perspectives. The volume addresses the important topic of fulfilment through the lens of the world's largest social global phenomenon tourism. In doing so, the book refreshes and challenges some aspects of tourist behaviour research. The chapters are grouped under three broad sections which reflect a range of positive psychological outcomes that personal holiday experiences can produce, namely; happiness and humour; meaning and self-actualisation and health and restoration. The book critically explores these fulfilling experiences from interdisciplinary perspectives and includes research studies from wide range of geographical regions. By analysing the contemporary fulfilling tourist experiences the book will provide further understanding of tourist behaviour and experience. Written by leading academics this significant volume will appeal to those interested in Tourism and Positive Psychology.

## **Connect With The Divine Vol - 3**

On June 23, 1985, the bombing of Air India Flight 182 killed 329 people, most of them Canadians. Today this pivotal event in Canada's history is hazily remembered, yet certain interests have shaped how the tragedy is woven into public memory, and even exploited to advance a strategic national narrative. Remembering Air India insists that we "remember Air India otherwise." This collection investigates the Air India bombing and its implications for current debates about racism, terrorism, and citizenship. Drawing together academic analysis, testimony, visual arts, and creative writing, this innovative volume tenders a new public record of the bombing, one that shows how important creative responses are for deepening our understanding of the

event and its aftermath. ## **Crisis and Credibility**

An objective and dispassionate study of the oldest religion based regional political party: the Shiromani Akali Dal, participating in the democratic politics and processes of socio-economic development and transformation of the country. It delineates and analyses events and developments from the emergence of the Akali Dal, as a religious movement, its transformation into a religious political party, concerned with safeguarding the political, social and economic interests of the Sikhs as a minority and to represent them in governing institutions, engaged in the struggle for power in secular domain mobilising the community support using the ideology of fusion of religion and politics, yet lacking equal support from different sections of the community. Rather than dwelling on a mere narrative of events and describing strategies, tactics and agitations of the Akalis an attempt has been made to understand why and how social and economic antagonisms arising out of generation and articulation of demands in a pluralistic society, undergoing modernization and democratization may be marked by identity politics. The study is located in the broader framework of rise and growth of regional parties and identity politics in India as a part and consequence of India's adopted model of state and nation building, integration and socio-economic development and transformation.

## **Stories and Poems**

Although Gandhi has been the subject of hundreds of books and an Oscar-winning film, there has been no sustained study of his engagement with major figures in the Indian Independence Movement who were often his critics from 1920–1948. This book fills that gap by examining the strengths and weaknesses of Gandhi's contribution to India as evidenced in the letters, speeches, and newspaper articles focused on the dialogue/debate between Gandhi and Jawaharlal Nehru, Rabindranath Tagore, Sri Aurobindo, Bhim Rao Ambedkar, Annie Besant, and C. F. Andrews. The book also covers key groups within India that Gandhi sought to incorporate into his Independence Movement—the Hindu Right, Muslims, Christians, and Sikhs—and analyzes Gandhi's ambiguous stance regarding the Hindi-Urdu question and its impact on the Independence struggle.

## **Japanese-German Relations, 1895-1945**

There are two Indias: the caste and class elite who hold all power and make up 10 to 15 percent of the population, and everyone else. Averting the Apocalypse is about everyone else. Arthur Bonner, a former New York Times reporter with long experience as a foreign correspondent in Asia, conducted interviews over many months while traveling almost 20,000 miles within India seeking out the underclass and social activists who together are beginning to mobilize for social change at the bottom of Indian society. Working in areas torn by violence, Bonner offers a terrifyingly accurate portrait of a society bloodied by decades of unequal social structure and the absence of a civil society and political mechanism capable of responding to the exploitation of the poor and weak. Bonner finds that India's inability or refusal to address its debilitating social structure may be the precursor to an apocalyptic social upheaval unless heed is paid to the social movements that his first-hand investigation reveals.
