The Black Moon Lilith

Named for an ancient female figure of primordial mystery, Black Moon Lilith is an astronomical point intimately connected to the Earth-Moon system. In these times of expanding ecological and cosmological awareness, the Black Moon offers a spacious field of investigation engaging women and men in fuller self-awareness and soul expression in life, urging us inexorably to a deeper embodiment of Heaven on Earth. Of increasing interest to astrologers, the Black Moon has been used for decades in Europe, but there is little written in English about this enigmatic female figure and subtle astronomical point. This book, an expanded version of an earlier, shorter work, helps fills that gap The author blends astronomy, myth, depth psychology and original creative research into her investigation of the Black Moon. Basic, suggestive interpretations are offered, supported by examples of well-known personages. Read it and consider for yourself a question that has haunted and taunted humanity for four thousand years: is she demonic or divine? Lilith offers no easy answers. M. Kelley Hunter, Ph.D., C.A.P., is an internationally-known astrologer who was caught up into and never recovered from the astrological revolution of the 1970s. As personal consultant, educator and star-gazer, her work with the stars is a unique blend of cosmology, myth and psycho-spirituality. She considers astrology to be an intuitive science and infuses her own ongoing studies with creative and experiential exploration.

The Dark Moon Lilith in Astrology

Of increasing interest to astrologers, Lilith is the name given to four astronomical points - an asteroid, a star, a dark 'ghost' moon, and the better-known Black Moon. All four Liliths are discussed and

Living Lilith

This astrology book describes the meaning of the black Moon Lilith in a birth chart. This book is about Lilith in the houses and the aspects. You can use this book to get to know yourself better. You can use it as a manual in your readings. The historic mythological Lilith also gets attention (57 pages). By historical mistake the goddess Lilith has been given the name black Moon Lilith, associated with black magic and witchcraft. But she is not a seductress or demoness. On the contrary. She is the feminine goddess of wisdom, luminous, bright and divine in her goodness. In Sumerian times she was a healer and she still is. But from the middle ages onwards she was pictured as a demon. She was not understood. The black Moon Lilith is your higher self. She is your intuition, your sixth sense. Your higher self lies ready-made inside you on the moment that you are born. The black Moon Lilith is pure soul substance, a pearl, a diamond. That's her brightness. As long as the goddess Lilith is with you your life is bright. However when you don't believe in her anymore and you have lost contact with your higher self, your life becomes stark, dull or miserable. You stick to fake securities and Priapus, her opposite pops up. The inferior god Priapus changes you in a copy-rat. This book describes in detail how that works out. Lilith is the best you have. She is an ability to feel/see through the formal structures and act accordingly. She picks up signals on the aura level. It takes a strong personality to go for that. She is the angel she is your spiritual guide. She is your contact with the angels, archangels, totem animals and good spirits from above. It will by no means be to your disadvantage. It is a lot of fun to work, play and experiment with your Lilith quality. For each individual the black Moon Lilith works out in its own way. She is the diamond you have to polish yourself once she has opened up. This book is meant to raise Lilith to her ancient glory. For the good of all. This book is my life's work. The book has matured well. It is not written overnight. It is based on thirty years of experience and twenty years of writing and rewriting.

The Brightness of the Black Moon Lilith

Black Moon Lilith started as a simple compilation of work completed at our workshops and grew into something much more. It became a tribute to Liz Harbron, who attended our very first self-publishing course in January 2018 and whose sudden death later in the year shocked us to the core. With contributions from nine super-talented individuals, Black Moon Lilith tackles questions such as "Where do we go when we die?" "Is there life after Death?" "Do parallel worlds exist?" and "Who am I?" "One of my earliest memories is probably not a memory in the traditional sense of the word. It concerns my adventures with a mysterious being, whose name I could not pronounce." Donna Marie Gill

The Dark Moon Lilith in Astrology

After 6,000 years of imbalance between masculine and feminine we are emerging into the light of conscious awareness about who we really are. In this important book Evolutionary Astrologer, Medium, and Channel Tom Jacobs leads you through an exploration of the genesis and roots of the patriarchy and how Lilith's

issues reflect the imbalance through which we have for so long lived. Jacobs takes apart the myth that we have been taught and cuts through the fog of negativity surrounding Lilith that has brought us to fear knowing her. He lays out an archetypal process for healing Lilith within us that honors her as a natural part of us - not as a demon to be feared. He then explains the difference between several Liliths used in astrology, making a case for the use of the osculating apogee or true Black Moon Lilith. Natal houses, signs, and aspects of Lilith are explained, followed by transits and progressions to Lilith and the true Black Moon itself in transit. The text concludes with an exploration of Lilith in relationship. This book offers a unique and empowering look at a goddess we are taught to fear but need to learn to honor and respect within us. Tom Jacobs here provides tools to end the patriarchal war on the feminine through insight, acceptance, and compassion.

Lilith Insight

This in-depth work describes the system of Carteret, how you receive a life purpose, the northern Moon node, from the celestial guides before you get on the earthly plane, and how this message works throughout your life in a sequence of 7 year cycles. Your life purpose is a result of your past life experiences, the southern Moon node. In your youth you get disappointed in your life purpose and abandon it. For two 7 year cycles

you trust on your southern Moon node qualities to keep your head up. After that and after you cracked Pluto you start to live up to your original life purpose again. Together with your divine intuition, the black Moon Lilith, everyone is able to reach completeness for eternity. The Moon's nodes are explained in a very practical way -in the houses and in conjunction aspect- so that everyone can discern their own life destination and the phase they are in. This book is full of information you cannot find from other sources, and will be of interest to beginners and practicing astrologers alike. It was written after 15 years of investigation and experience. Sebastian van Wingerden describes a lot of past life session and angels experiences in his rich practice of hypnotherapist to illustrate the working of the Moon nodes. The Moon's north node in the horoscope is a powerful indicator of our life purpose. This book provides a fascinating background story for the life path in the natal chart. The north node in each of the 12 houses is described in detail with case histories from reincarnation sessions with actual clients. More than 200 pages are devoted to the northern Moon node in the houses. The next nearly 100 pages give interpretations for the planets Mercury through Pluto and the luminaries (the Sun and Moon) when in conjunction with the northern Moon node. Conjunctions are the most powerful aspects in any chart and are the simplest aspects for a beginner to identify. The introductory chapters of this book are an added bonus. The chart reading system of French philosopher Jean Carteret is described in detail. Carteret proposed the use of six spiritual points which together help to delineate the soul's purpose on Earth. Carteret is not known to have written down any of his ideas. The Moon's nodes and the Black Moon Lilith are included among Carteret's six spiritual points. Through hypnotic regression of clients, Wingerden gained great insight into the soul's journey between lives and how each lifetime is arranged to obtain specific benefits. The first 100 pages of this book are devoted to describing how reincarnation works. Wingerden goes into the timeline calculations for the entire lifespan as defined by the progressive new and full moons. The concept of cracking Pluto is also mentioned as part of Carteret's system of interpretation. This portion of the book will be of greater interest to the professional astrologer as it uses more technically-advanced methods. One of the most fascinating features of this book is the detailed stories of past lives which Wingerden has uncovered during client sessions using hypnotic regression techniques. Possibly the most controversial idea presented by Wingerden concerns retrograde Mercury and reincarnation refusal. This portion of the book highlights the long-term effects that severe abuse and trauma can have on the evolving soul. This book about the northern Moon node is the foundation of Wingerden's trilogy, which also includes a book about cracking Pluto and another about the Black Moon Lilith. Together these three books expose Carteret's astrological system in a way that is not easily found elsewhere. Wingerden's trilogy provides a solid foundation for an in-depth psychological reading of any birth chart. In the year 2017 he has published his book *Cracking Pluto* and in the year 2018 his book about the black Moon Lilith will shine its light to complete his trilogy about the system of Carteret.

Finding Our Way Through the Dark

Exploring the mystery, wisdom, and power of the dark phase of the moon's cycle--a lunar-based model for moving through the dark times in our lives with understanding, consciousness, and faith in renewal. The

moon's dark phase has traditionally been a time of fear and superstition, a time associated with death and isolation. The mythical embodiment of these fears is the Dark Goddess. Known around the world by many names--Lilith, Kali, Hecate, and Morgana--the archetypal Dark Goddess represents death, sexuality, and the unconscious--the little understood, often feared aspects of life. Demetra George combines psychological, mythical, and spiritual perspective on the shadowy, feminine symbolism of the dark moon to reclaim the darkness from oppressive, fear-based images. George offers rites for rebirth and transformation that teach us to tap into the power of our dark times, maximizing the potential for renewal inherent in our inevitable periods of loss, depression, and anger.

The Asteroid Ephemeris, 1900 to 2050

The ascent of mankind's technology is only surpassed by its sudden plunge into darkness. In a world of decay and devastation, those that remained tried to make a life for themselves among the lost remnants of better times. And while these new times may be dark, only a handful know how much darker they are about to become. The Lillith had grown stronger and smarter than the uninfected had ever imagined. With that strength, their desire for survival had also grown. Instead of just looking for food as they had in the past, they began to have other desires now. Desires that were unimaginable. Adam and Celine swore never to end their

fight to rid the world of the Lillith. They must be destroyed. The balance of mankind must be restored. No matter what the cost, even if that meant their lives.

The Northern Moon Node the Message from Beyond

The figure Lilith is forever entrenched in our minds, as the mother of all dark creatures. From ancient artifacts to modern day film and comic books, we continue to see her as a vengeful feminine anti-hero. The she-demon from the Babylonian empire is far from an antiquated figure of myth and lore of days gone by. If anything, there has been a renewed interest in Lilith which has led modern artists and writers to embrace the archetype with still more fervor than in any time in the past. Like the phoenix which rises from the ashes of its former self, Lilith is reborn each time her character is reinterpreted and retold, in as much as are vampires, clarifying the reasons her persona was so quickly adapted to be the mother of the Succubi and of course vampires in so many stories. This reshaping of the screeching demoness serves to reflect each generation's views of the feminine role in society, or in our day and age, how we redefine ourselves with one another. As we grow and change with Lilith survives the millennia, because she is truly the singular best archetype for the changing role of women. Learn Lilith's darkest secrets as the author unveils her origins and brings you forward in time to discover this misunderstood figures evolution.

Mysteries of the Dark Moon

An in-depth but highly readable account of Pluto in the natal chart and how Pluto aspects can affect childhood, adulthood, and life in general. Pluto's energy is extremely potent and powerful. Within Astrology, it is considered to be a "generational planet" as it influences both individuals and entire generations. The planet governs our compulsive behavior, all those things we know we shouldn't do but feel compelled to do anyway. It also represents the hidden dimension of our emotional lives, all the parts of ourselves that we'd rather bury in our subconscious and not reveal to others. In *Healing Pluto Problems*, Donna Cunningham explains how Pluto functions in the birth chart and shows how Plutonian problems can manifest. Cunningham presents her material with warmth and compassion, without avoiding the tough lessons that Pluto has to offer. Cunningham addresses such topics as: • Guilt, resentment, and fear • Emotional secrets and their contribution to self-isolation • Incest, abuse, and domestic violence • Pluto and the need for power and control • The psychology of being a victim • Death and transformation • The consequences of avoiding grief Interested not only in diagnosing Pluto problems, Cunningham also gives us tools for healing those

problems—affirmations, flower remedies, exercises for working with the chakras—and shows us how to use Pluto transits for growth. This Weiser Classics edition replaces the previously published edition (9780877283980).

The Book of Lilith

"A book, an easy chair, and I can sail vast seas" The above line of poetry indicates the breadth of vision in this book of poems written by Beulah Windle Scallin and published after her death in 1938. In this book appears most of the poems she wrote throughout her life. The beauty of many of her poems is that there are lines that linger in memory. Among them is Remembrance, whose first and last lines are, "I keep no days for fast and mourning lay....Memorial Day, for me, is every day." In nearly all her poems there is a line to remember. In Struggle the last line stands out, "Who would know life, attends a rugged school." Mrs. Scallin's poems will live in South Dakota literature for their depth of sympathy and their keen understanding of humanity. From A Tribute we read in the last line "To study glories of the past, and still not scorn the present --Progress and forward gaze."

The Little Book of Moon Magic

In accordance with the reincarnation cycles, at the start of each life everyone brings along a life destination, a task or a commitment to learn. Each birth is connected with a script or a plan of life that spans several seven year cycles, as is described by the Moon nodes. The plan is predestined. What you do with it is not, because that is up to you. The northern Moon node is your life destination, the answer of the big 'why' of your life. This is the most complete book about the moon nodes. The book gives a clear explanation of the astrological system of Carteret, the combined actions of the Moon nodes, Pluto and the black Moon Lilith. Besides the deeper background of this system the roles of the Moon nodes in each house are explained in a very practical way so that everyone can read its own life destination and the phase he is in. By recalling many of his clients' regression sessions Bastiaan van Wingerden depicts the Moon nodes as being an echo of past lives and a destination for this life. Special attention is given to Mercury retrograde and the secret of reincarnation refusal. Once you start reading this book you cannot stop anymore, an eye-opener causing tears to flow freely. Even without an astrological background this book is easily readable. ----- This book about astrology and reincarnation uses a system of astrological interpretation propounded by a Mr Carteret (1906-1980). Tried, tested and put forward here by Bastiaan van Wingerden, Bastiaan states: The discovery of the ellipses with the aphelium and the perihelium all at once brought six points in the horoscope that had previously not existed. ... These six points constitute an enormous energy in both the spiritual as well as the material life ... The integral interpretation of these six points (the black sun, the Diamond, Lillith, Priapus, the

northern Moon node and the southern Moon node) combined with the cosmic planets is the reading system of Carteret. Astrology as it always existed remains intact. Only six new points are added. ----- Mr Carteret's system of interpretation travelled mainly by word of mouth from Paris to the Netherlands, where Bastiaan van Wingerden came into contact with it in February 1993. Bastiaan recorded a course of eight sessions that were given by J. Bartelsman, in Wassenaar. Having listened repeatedly to the tapes, he applied the information to clients' horoscopes and concludes that the interpretations have deepened his consultations. ----- This book focuses on the Moon's nodes and Bastiaan's interpretations of his clients' horoscopes. It consists of three main parts. The first part is an informative section on the spiritual points, the spiritual process of the soul, the Moon's nodes, Lilith, the Black Sun and cracking Pluto, the progressive new and full Moon, the late progressive new Moon, retrograde Mercury and reincarnation refusal, forms of incarnation, life's course and horoscope and the message from beyond (the script of life). The second section details the Moon North Node in the houses, and the third part details aspects of the Moon's nodes. ----- This is the first book in a series of three. The other two books are about Lilith and Pluto, which together with the Moon's North Node make up Carteret's astrological system.

Lilith the Mother of All Dark Creatures

This expanded edition of the authors' original book adds much more into every time period on this misunderstood and enigmatic being. The she-demon from the Babylonian empire is far from an antiquated figure of myth and lore of days gone by. If anything, there has been a renewed interest in Lilith which has led modern artists and writers to embrace the archetype with still more fervor than in any time in the past. Like the phoenix which rises from the ashes of its former self, Lilith is reborn each time her character is reinterpreted and retold. This reshaping of the screeching demoness serves to reflect each generation's views of the feminine role in society, or in our day and age, how we redefine ourselves with one another. As we grow and change with Lilith survives the millennia, because she is truly the singular best archetype for the changing role of women. Learn Lilith's darkest secrets as the author unveils her origins and brings you forward in time to discover this misunderstood figures evolution.

Dark Moon Lilith

This book introduces people to the practice of working spiritually with Lilith. It provides insight into her extensive background and offers guidance on how to identify with your Lilith. It is not and cannot be a fully comprehensive book on Lilith, my path is a living one, constantly expanding in knowledge and experience. For readers who have little or no experience of Lilith I hope that this book provides a basic introduction and guide to gaining some understanding and deepening their own connection with her. For the more advanced, this text can provide both reference material and hopefully new light on an ancient deity. A basic working structure and several tried and tested rites to the Lilith's within the scope of my experience are provided.
