Pilgrim at Tinker Creek

Winner of the Pulitzer Prize “The book is a form of meditation, written with headlong urgency, about seeing. . . . There is an ambition about her book that I like. . . . It is the ambition to feel.” — Eudora Welty, New York Times Book Review Pilgrim at Tinker Creek is the story of a dramatic year in Virginia's Roanoke Valley, where Annie Dillard set out to chronicle incidents of \"beauty tangled in a rapture with violence.\" Dillard's personal narrative highlights one year's exploration on foot in the Virginia region through which Tinker Creek runs. In the summer, she stalks muskrats in the creek and contemplates wave mechanics; in the fall, she watches a monarch butterfly migration and dreams of Arctic caribou. She tries to con a coot; she collects pond water and examines it under a microscope. She unties a snake skin, witnesses a flood, and plays King of the Meadow with a field of grasshoppers. The result is an exhilarating tale of nature and its seasons.

Slavery by Another Name

A Pulitzer Prize-winning history of the mistreatment of black Americans. In this 'precise and eloquent work' - as described in its Pulitzer Prize citation - Douglas A. Blackmon brings to light one of the most shameful chapters in American history - an 'Age of Neoslavery' that thrived in the aftermath of the Civil War through the dawn of World War II. Using a vast record of original documents and personal narratives, Blackmon unearths the lost stories of slaves and their descendants who journeyed into freedom after the Emancipation Proclamation and then back into the shadow of involuntary servitude thereafter. By turns moving, sobering and shocking, this unprecedented account reveals these stories, the companies that profited the most from neoslavery, and the insidious legacy of racism that reverberates today.

The One and Only Sparkella

An Instant #1 New York Times Bestseller! A Publishers Weekly Bestseller! Leading actor, producer and director Channing Tatum's picture book debut, The One and Only Sparkella is a charming ode to self-esteem and the love between a father and daughter—illustrated by Kim Barnes. Ella is excited for her first day at a new school. Glimmering pencil case? Check! Shimmering backpack? Check! Glittery ribbons in her hair? Check! She can't wait to meet the other kids and share her sparkly personality. But her first day doesn't go quite as planned: Her new classmates don't like her disco-ball shoes, her PB&J-with-sprinkles sandwich, or her rainbow-y unicorn painting. Ella decides to try to be less sparkly at school the next day so the other kids won't make fun of her. But with a little help from her dad, she soon learns the importance of just being herself, no matter what other people say.

Unperson

In George Orwell's 1984, an 'unperson' is someone who has been vaporized, whose record has been erased. Similarly, the North Korean defectors that Tim Franco chose to portray have decided to disappear, fleeing sometimes for ideological reasons and often out of despair. The road to South Korea is dangerous and can take years, across the many different borders with Mongolia, Laos, Thailand and China. The travels of the ones that do are filled with the fear of being arrested and sent back to labour camps. Having arrived in South Korea, they often struggle to find a new identity, lost between their North Korean past and South Korean future. Here, Tim Franco presents the stories of fifteen such 'unpersons'. Each portrait goes side by side with the story of how and why the subjects came to their radical decision to flee. In order to retrace their steps, Franco travelled to their crossing points, capturing the diversity of landscape that is the background of North Korean defection.

Female Husbands

A timely and comprehensive history of female husbands in Anglo-America from the eighteenth through the turn of the twentieth century.

Letter from a Far Country

Gillian Clarke's poems are letters from the far countries of personal and ancestral memories, of places and moments of insight. Her acclaimed title poem explores the buried histories of women's lives, the enduring responsibilities that link generations and ensure the continuance of language and traditions. Rooted in rural Wales, Letter from a Far Country celebrates the sources of strength and continuity that bind people to landscape and community.

Foundations of GTK+ Development

There are only two mainstream solutions for building the graphical interface of Linux-based desktop applications, and GTK+ (GIMP Toolkit) is one of them. It is a necessary technology for all Linux programmers. This book guides the reader through the complexities of GTK+, laying the groundwork that allows the reader to make the leap from novice to professional. Beginning with an overview of key topics such as widget choice, placement, and behavior, readers move on to learn about more advanced issues. Replete with real-world examples, the developer can quickly take advantages of the concepts presented within to begin building his own projects.

Ta-Da!

What makes a good story? One little girl thinks it's a princess with magical powers that can—ta-da!—overcome any obstacle. Her friend thinks it's—dun dun duh!—a combination of dragons, pirates, and fire that cause total chaos. But as their stories intertwine, these two young storytellers soon learn that a good story needs both conflict—dun dun duh!—and resolution—ta-da! An irresistible celebration of imaginary play, storytelling, and the joys of collaboration, this gorgeous picture book features two strong voices throughout, making it the perfect read-aloud.

A Narrative of Travels on the Amazon and Rio Negro

During the last decade, platform businesses such as Uber, Airbnb, Amazon and eBay have been taking over the world. In almost every sector, traditional businesses are under attack from digital disrupters that are effectively harnessing the power of communities. But what exactly is a platform business and why is it different? In *Platform Strategy*, Laure Claire Reillier and Benoit Reillier provide a practical guide for students, digital entrepreneurs and executives to understand what platforms are, how they work and how you can build one successfully. Using their own "rocket model" and original case studies (including Google, Apple, Amazon), they explain how designing, igniting and scaling a platform business requires learning a whole new set of management rules. *Platform Strategy* also offers many fascinating insights into the future of platforms, their regulation and governance, as well as how they can be combined with other business models. Benoit Reillier and Laure Claire Reillier are co-founders of Launchworks, a leading advisory firm focused on helping organizations develop and scale innovative business models.

Platform Strategy

Video games, even though they are one of the present's quintessential media and cultural forms, also have a surprising and many-sided relation with the past. From seminal series like Sid Meier's *Civilization* or *Assassin's Creed* to innovative indies like *Never Alone* and *Herald*, games have integrated heritages and histories as key components of their design, narrative, and play. This has allowed hundreds of millions of people to experience humanity's diverse heritage through the thrill of interactive and playful discovery, exploration, and (re-)creation. Just as video games have embraced the past, games themselves are also emerging as an exciting new field of inquiry in disciplines that study the past. Games and other interactive media are not only becoming more and more important as tools for knowledge dissemination and heritage communication, but they also provide a creative space for theoretical and methodological innovations. *The Interactive Past* brings together a diverse group of thinkers -- including archaeologists, heritage scholars, game creators, conservators and more -- who explore the interface of video games and the past in a series of unique and engaging writings. They address such topics as how thinking about and creating games can inform on archaeological method and theory, how to leverage games for the communication of powerful and positive narratives, how games can be studied archaeologically and the challenges they present in terms of conservation, and why the deaths of virtual Romans and the treatment of video game chickens matters. The book also includes a crowd-sourced chapter in the form of a question-chain-game, written by the Kickstarter backers whose donations made this book possible. Together, these exciting and enlightening examples provide a convincing case for how interactive play can power the experience of the past and vice versa.

The Interactive Past

A new book of poetry from internationally acclaimed, award-winning and bestselling author Margaret Atwood *In Dearly*, Margaret Atwood's first collection of poetry in over a decade, Atwood addresses themes such as love, loss, the passage of time, the nature of nature and - zombies. Her new poetry is introspective and personal in tone, but wide-ranging in topic. In poem after poem, she casts her unique imagination and unyielding, observant eye over the landscape of a life carefully and intuitively lived. While many are familiar with Margaret Atwood's fiction—including her groundbreaking and bestselling novels *The Handmaid's Tale*, *The Testaments*, *Oryx and Crake*, among others—she has, from the beginning of her career, been one of our most significant contemporary poets. And she is one of the very few writers equally accomplished in fiction and poetry. This collection is a stunning achievement that will be appreciated by fans of her novels and poetry readers alike.

Dearly

Killtopia

On the Duty of Civil Disobedience: This is Thoreau's classic protest against government's interference with individual liberty. One of the most famous essays ever written, it came to the attention of Gandhi and formed the basis for his passive resistance movement.

Walden

"I have to be honest with you. Islam is on very thin ice with me....Through our screaming self-pity and our conspicuous silences, we Muslims are conspiring against ourselves. We're in crisis and we're dragging the rest of the world with us. If ever there was a moment for an Islamic reformation, it's now. For the love of God, what are we doing about it?" In blunt, provocative, and deeply personal terms, Irshad Manji unearths the troubling cornerstones of mainstream Islam today: tribal insularity, deep-seated anti-Semitism, and an uncritical acceptance of the Koran as the final, and therefore superior, manifesto of God. In this open letter to Muslims and non-Muslims alike, Manji asks arresting questions. "Who is the real colonizer of Muslims - America or Arabia? Why are we all being held hostage by what's happening between the Palestinians and the Israelis? Why are we squandering the talents of women, fully half of God's creation? What's our excuse for reading the Koran literally when it's so contradictory and ambiguous? Is that a heart attack you're having? Make it fast. Because if more of us don't speak out against the imperialists within Islam, these guys will walk away with the show." Manji offers a practical vision of how the United States and its allies can help Muslims undertake a reformation that empowers women, promotes respect for religious minorities, and fosters a competition of ideas. Her vision revives Islam's lost tradition of independent thinking. This book will inspire struggling Muslims worldwide to revisit the foundations of their faith. It will also compel non-Muslims to start posing the important questions without fear of being deemed "racists." In more ways than one, The Trouble with Islam is a clarion call for a fatwa-free future.
